THE BMW X5.

Since its launch, the BMW X5 has been setting milestones in its class – a class of which it was the founding member. Now in its third generation, the BMW X5 has again surpassed its own benchmark – as a Sports Activity Vehicle (SAV) that delivers outstanding luxury and unparalleled comfort in every regard and never fails to exceed expectations. The BMW X5's superiority is also evident in its two design packages – Pure Experience and Pure Excellence. No matter whether you want to make a powerful impression, or prefer a look of understated sophistication, there are plenty of design options for expressing your own personal style through the exterior and luxurious interior.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit in kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW X5 model at www.bmw.co.uk/EfficientDynamics

STANDARD EQUIPMENT HIGHLIGHTS.

A GUIDE TO TRIM LEVELS.

The BMW X5 is available in a variety of trim levels, each providing a different level of standard specification. These tables highlight some of the equipment differences between the trim levels, whilst further details can be found in the BMW X5 brochure.

x/sDrive25d SE / xDrive30d

- 18" light alloy Double-spoke style 446 with run-flat tyres
- 20GB hard disc drive (HDD) memory
- Ambient interior lighting with colour selection
- Bluetooth Hands-free facility with USB audio interface
- BMW ConnectedDrive Services
- Cruise control with brake function
- DAB tuner
- Dakota leather upholstery
- Downlights in exterior door handles
- Driving Assistant
- Eight-speed automatic transmission with Steptronic
- Exhaust tailpipes – single, left and right, Chrome
- Exterior mirrors – folding, automatically dimming
- Exterior trim, Chromeline
- iDrive Touch Controller with shortcut buttons
- Interior trim, Fine Brushed Aluminium
- Kidney grille, Chrome with Black vertical slats
- LED foglights, front
- Loudspeaker system with 6 speakers
- Metallic paintwork
- Multi-function leather steering wheel
- Navigation system, BMW Professional Multimedia
- Park Distance Control (PDC), front and rear
- Rain sensor with automatic headlight activation
- Roof rails, Black
- Seat heating, front

- Upper tailgate operation, powered
- Voice Control
- Xenon Headlights with headlight wash

X5 x/sDrive	RRP from £43,470 inc. VAT
--------------------	---------------------------

xDrive40d SE (In addition / replacement to xDrive30d SE)

- BMW TwinPower Turbo six-cylinder in-line diesel engine
- Exhaust tailpipes – single, left and right, Chrome, quadrilateral
- Kidney grille, Chrome fronted with Titanium vertical slats

X5 xDrive	RRP from £51,065 inc. VAT
------------------	---------------------------

xDrive50i SE (In addition / replacement to xDrive30d SE)

- 19" light alloy V-spoke style 450 with run-flat tyres
- BMW TwinPower Turbo V8 petrol engine
- Exhaust tailpipes – single, left and right, Chrome, quadrilateral
- Interior trim, Poplar wood, High-gloss
- Kidney grille, Chrome fronted with Titanium vertical slats
- Seat adjustment – front, electric with driver memory

X5 xDrive	RRP from £59,765 inc. VAT
------------------	---------------------------

THE NEW BMW xDRIVE40e.

The new BMW X5 xDrive40e has all the innovative technologies and space as the other X5 models but has the added benefit of using BMW eDrive technology. This allows speeds of up to 75mph and distances of up to 19 miles on electric power alone with combined CO₂ emissions of just 77g/km. With a combined fuel consumption of 83.1-85.6mpg you are not only demonstrating modern thinking but also environmental responsibility without making compromises.

xDrive40e SE (In addition / replacement to xDrive40d SE)

- Adaptive Comfort Suspension
- Black-panel instrument cluster with Hybrid-specific functions
- Charging flap, front side panel, left
- Door sill finishers with eDrive designation
- eDrive button to select between AUTO eDrive, MAX eDrive and SAVE Battery settings
- eDrive designation on tailgate, left
- eDrive Services
- Electronic display of drivetrain information and battery range
- Electric motor
- Exhaust tailpipes – single, left and right, Chrome, quadrilateral
- Fast charging AC capability
- Illuminating charging socket with visual display of charge status
- Standard charge cable, 5 metres in length

X5 xDrive

RRP from £51,065 inc. VAT

STANDARD EQUIPMENT HIGHLIGHTS.

M Sport (In addition / replacement to respective SE model)

- 19" light alloy M Double-spoke style 467 M with run-flat tyres
- Adaptive M suspension (excluding sDrive25d)
- Door sill finishers with M designation (excluding xDrive40e)
- Exhaust tailpipes – single, left and right, Chrome, quadrilateral
- Exterior trim, High-gloss Shadowline
- Headlining, Anthracite
- Interior trim, Aluminium Hexagon
- Interior trim, Poplar wood, High-gloss (xDrive50i)
- M aerodynamic bodystyling
- M designation on front side panels, left and right
- M leather steering wheel with gearshift paddles
- Remote control, including integrated key, with M designation
- Roof rails, High-gloss Shadowline
- Seat adjustment – front, electric with driver memory
- Sport automatic transmission
- Sport seats, front

X5

RRP from £47,270 inc. VAT

M50d (In addition / replacement to M Sport models)

- Door sill finishers with M50d designation
- Exhaust tailpipes – stainless steel with Black finishers, left and right
- Exterior mirror caps, Ferric Grey
- Gearshift lever with M designation
- Instrument cluster with 'M50d' designation
- Kidney grille, Chrome fronted with Titanium vertical slats
- M Performance TwinPower Turbo six-cylinder in-line diesel engine with three-stage turbocharging
- M Servotronic steering
- Tailgate with 'X5 M50d' designation

X5

RRP from £63,965 inc. VAT

powered by 

OPTIONAL EQUIPMENT HIGHLIGHTS.

ADAPTIVE LED HEADLIGHTS.

Full white LED lights ensure the closest resemblance to day light and provide a unique and distinctive character. The intelligent system can also adapt the beam distribution depending on the traffic situation. The left and right headlight beams are controlled independently enabling light to be channelled around or away from other vehicles.

- Enhanced safety due to improved road visibility
- Fully autonomous system so you can relax and focus on the road ahead
- The system works at various speeds and light conditions

See page 16

HEAD-UP DISPLAY.

BMW has been an innovation leader in Head-up Display for almost a decade. Since it was first introduced in 2004, our system has continually evolved and now offers a full-colour Head-up Display to project key driving information directly into the driver's line of sight.

- Aviation technology in your BMW
- Displays current speed, navigation guidance, music and telephone listings, as well as information from the on-board computer
- The height, brightness and angle of the display can be adjusted in the vehicle settings

See page 16

SURROUND-VIEW.

Provides a clear 360° view around your BMW. Additional cameras underneath the exterior side mirrors and between the kidney grille augment a birds-eye view in the Control Display, so that you can see exactly what is happening all around you. Furthermore, Side-view enables you to clearly see if it is safe to pull out of tight junctions or exits where the view would otherwise be obscured from the driver's position.

See page 17

PANORAMIC GLASS SUNROOF.

Not only offers increased ventilation but also extends the view of the outside world for that added sense of freedom for all passengers.

- Comfort opening/closing function and trap release
- Includes speed dependant wind deflector, and sun protection glass
- Electric slide and lift control

See page 19

PURE EXPERIENCE DESIGN PACKAGE.

EXTERIOR – FROM £1,760

- 19" light alloy Star-spoke style 449 with run-flat tyres¹
- B and C pillar finishers – Black, High-gloss
- Exhaust tailpipes, Matt Chrome
- Exterior trim, Matt Aluminium
- Front grille and air intakes, Titanium effect
- Mirror triangle, base and frame – Black, High-gloss
- Rear bumper insert, Titanium effect
- Remote control with Pearl Grey Chrome buttons and Black, High-gloss insert
- Roof rails, Matt Aluminium
- Underbody guards, front, side and rear, stainless steel

VED rates

VED rates for brand new cars are determined by their CO₂ emissions figure. First year VED applies to the first year of ownership. Annual VED rates apply thereafter. The BMW X5 models fall into one of the seven categories listed below:

CO ₂ emissions (g/km)	Band A 0-100	Band E 131-140	Band F 141-150	Band G 151-165	Band H 166-175	Band K 201-225	Band L 226-255
First year VED	£0	£130	£145	£180	£295	£640	£870
Annual VED (second year onwards)	£0	£130	£145	£180	£205	£290	£490

On the road price

The recommended on the road price includes:

Delivery and BMW Emergency Service	£700
Number plates	£25
Vehicle first registration fee	£55
First year Vehicle Excise Duty	See left

BMW CONNECTED DRIVE SERVICES.

1. General information

BMW (UK) Limited of Summit ONE, Summit Avenue, Farnborough, Hampshire, GU14 0FB (hereafter referred to as "BMW") provides the customer with vehicle-specific information and support services under the name "BMW ConnectedDrive" (hereinafter referred to as "Services"). Except where the following description of the individual Services explicitly states otherwise, BMW does not collect, store or process customer data for the Services listed here. For the provision of Services for which the collection, storage and processing of personal data is necessary, the customer shall be informed in advance in order to obtain his/her consent. Services are provided by means of a SIM card installed in the vehicle. Call and data-connection costs are included in the price of the Services. Insofar as it is necessary for the substantive organisation and utilisation of the Services BMW collects, stores and processes vehicle-related data within the legal stipulations.

2. BMW ConnectedDrive basic Services

The BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) have already been activated at the point of vehicle transfer.

a. TeleServices (6AE)

The "TeleServices" Service ensures the mobility of the customer. If required or when triggered or commissioned by the customer, the vehicle's technical data (e.g. service information concerning wear parts, vehicle-status information such as check-control notifications, battery-charge status, data for identifying and locating the vehicle in the event of a breakdown) shall be transferred to BMW. In the event that a service is required, these items of data shall be forwarded to the responsible service partner, BMW Mobile Care or respective service providers for the purposes of making contact and arranging an appointment, where they shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties. On occasion technical data shall be transferred from the vehicle to BMW where it shall be evaluated to aid the further development of BMW products. This is known as the "Teleservice Report". This data is exclusively technical, vehicle-related data. Other data such as positioning data shall not be transferred as part of the "Teleservice Report". The "TeleService Battery Guard" continuously monitors the battery-charge status of the vehicle. If the battery-charge status falls below a fixed value, the responsible service partner will be informed. The responsible service partner will then contact the customer if necessary to arrange a service appointment. By registering in the BMW ConnectedDrive Customer Portal, the customer can also be informed about a critical battery status by SMS message or email, for example if the parking lights, side lights or hazards are left on.

b. BMW Emergency Call (6AC)

The vehicle's identification and location is required for the use of the "BMW Emergency Call", and it is also necessary to transmit the information required to provide assistance to the respective emergency-service centre. The user's request and the data required may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. Beyond this, no data shall be forwarded to third parties.

3. BMW Online Services (6AK)

The "BMW Online" (6AK) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The vehicle's identification is required for the use of the Service and it shall also be necessary to process the information required to provide assistance. The data shall then be deleted. When Points of Interest queries are used, the customer request may be transmitted to service providers commissioned by BMW to provide the Service – in that case, these items of data shall only be used to help provide the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

4. Information Plus (6AN)

The "Information Plus" (6AN) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

To use the Service, the customer is connected to the BMW call centre at the push of a button using the integrated telephone unit. In this way, data concerning the vehicle's identification, location and – if route guidance is activated – the selected route may be transmitted to the service providers commissioned by BMW to provide the Service – in that case, this data shall only be used to help process the provision of the Service and shall be retained until all procedures have been properly completed. The data shall then be deleted. Beyond this, no data shall be forwarded to third parties.

5. Real Time Traffic Information (6AM)

The "Real Time Traffic Information" (6AM) Service is activated for 36 months after first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

The traffic information required for the Service is calculated by a variety of means including using what is known as Floating Car Data. In this sense, every ConnectedDrive-capable BMW functions as a "mobile traffic reporter" (Floating Car). The individual position and sensor data of the vehicle calculated during the trip is transferred – completely anonymously – to BMW and a service provider together with up-to-date time information.

6. Internet (6AR)

The "Internet" (6AR) Service runs for a period of one year after the vehicle's first registration. The customer can extend the Service for an additional charge beyond the initial free-of-charge period via the BMW ConnectedDrive Customer Portal.

7. Remote Services (6AP)

Use of the "Remote Services" (6AP) either upon request to BMW Customer Support or via the "My BMW Remote" smart-phone application requires registration in the BMW ConnectedDrive Customer Portal.

8. Availability of the Service

The complete range of Services is only available for customers whose vehicles are approved in United Kingdom, and only within United Kingdom.

"BMW Emergency Call" (6AC) is available to customers in United Kingdom, Germany, Austria, Italy, France, and the Netherlands. "TeleServices" (6AE), "Information Plus" (6AN), "Remote Services" (6AP) and "BMW Online" (6AK) can be accessed on any mobile communication network in Europe. When used abroad, the range and characteristics of the service may vary from the range and characteristics described above and may vary from country to country. "Real Time Traffic Information" (6AM) is available in United Kingdom, Germany, Italy and France. The "Internet" (6AR) service is only available in United Kingdom.

9. Deactivation

The customer may have the BMW ConnectedDrive basic Services "TeleServices" (6AE) and "BMW Emergency Call" (6AC) deactivated at any time at an authorised BMW Retailer, a regional BMW branch or an authorised BMW workshop. Deactivation of this Service will also deactivate the SIM card installed in the vehicle. This results in the Emergency Call in the vehicle also not functioning. The other Services can also be deactivated by the customer (from November 2013) via the BMW ConnectedDrive Customer Portal ("My BMW ConnectedDrive").

For further information on BMW ConnectedDrive and the General Terms and Conditions of Service for ConnectedDrive, please see:

www.bmw.co.uk/connecteddrive-information

The BMW ConnectedDrive Hotline is available on:

+44 (0) 800 561 0555 from Monday to Sunday, 9:00 – 18:00.
